

AUBURN HILL  
SENIOR LIVING

August 21, 2021

Hello Auburn Hill Residents, Families, and Team members!

I wanted to give you an update on COVID testing for Innovations residents and identified team members. As of now, we do not have any positive test results. We will continue to monitor for signs and symptoms of COVID and as a reminder we will be testing again on Tuesday.

Once we know the outcome of Tuesday's results, I will send out updated communication about the results and the status on resuming visitation on Innovations.

I hope everyone has a great weekend, and please let me know if you have any questions.

Thanks

Kelly Carter, Executive Director
