

AUBURN HILL
SENIOR LIVING

October 1, 2021

Hello Auburn Hill Residents, Families, and Team members!

I wanted to update you on a couple of things at our community. As you probably already know, testing was completed for 3rd and 4th floor residents and identified team members, at this time all test results are negative. We will communicate any updates or changes to the COVID status here at Auburn Hill.

We had a successful flu clinic on Monday! We are in the process of coordinating a clinic onsite for the COVID vaccine booster. We will send out additional communication once it has been scheduled. Please let us know if you have any questions.

I wanted to let you know that our employee of the month is Rajiv “Raj” Neufville. Raj has been a cook with us since the opening of the building. He is a great cook, puts the residents first, and is a great person to have on our team here. Although he may not be as visible since he is in the kitchen, please take time to congratulate him when you see him.

Our Caring with H.E.A.R.T™ team member of the month is Christian Thompson in our environmental services department. Christian can often be found assisting our Innovations residents with meals, and spending time with them socializing in additions to his job duties. We appreciate the time he takes for meaningful engagement with our residents. Please congratulate him when you see him.

Thank you for your ongoing support and understanding. Please let us know if you have any questions or concerns.

Thanks,
Kelly Carter, Executive Director
