

AUBURN HILL
SENIOR LIVING

October 20, 2021

Hello Auburn Hill Residents, Families, and Team Members!

It's time again for some updates for Auburn Hill! I have received confirmation from the pharmacy, and we will plan to have our COVID vaccine booster clinic on November 3rd starting at 10am. We will have to get signed consents so we will begin getting consent from residents and responsible parties.

The podiatrist is scheduled to be here on October 26th. If a resident was seen during the last visit, they should be on the schedule for this date. Once they have provided us a list, we can verify that everyone who should be on there is. If you did not see the podiatrist last time and wish to make an appointment, please let the concierge know at the front desk.

Next Friday October 29th, we will have our drive thru trick or treat and outdoor movie event. Please see the event flyer attached.

As always, we appreciate all of our residents, families, and team members. Thank you for your ongoing support and being a part of the Auburn Hill Family! If you have any questions, please do not hesitate to let us know.

Thanks and Take Care,

Kelly Carter, Executive Director
