

AUBURN HILL  
SENIOR LIVING

December 31, 2021

Dear Residents, Families and Team Members of Auburn Hill Senior Living,

I wanted to update you on our COVID status here at Auburn Hill. Unfortunately, we have 3 additional team members who have tested positive for COVID. These team members are in quarantine at home.

At this point, all residents have been tested and all results are currently negative. As a reminder we will test residents again next week, and as dictated by any changes during our daily COVID screenings. We have been in communication with the department of health, and will make any changes to our current plan based on any additional guidance.

We are also providing reminder education on infection control, COVID screenings, and the availability of COVID resources for our team members.

Team members are required to wear masks while in the community. As a reminder, visitors are required to wear masks while entering the community and may remove them once in the apartments if both parties are vaccinated. Please remember that visitations must occur in the apartments or outside. Restrictions for visitation in common areas, activities, and dining are still in place. Please do not visit the community if you are experiencing any signs or symptoms of COVID.

As always, thank you for all of your support and understanding!

I wish all of you a Happy and Healthy New Year!

Thank You,

Kelly Carter, BSW, LNHA  
Executive Director, Auburn Hill
