

AUBURN HILL
SENIOR LIVING

February 25, 2022

Dear Residents, Families and Team Members of Auburn Hill Senior Living,

I wanted to provide some Auburn Hill updates for you. At this point, we are operating on “no news is good news”. There are no changes to our COVID status at this time. We are coordinating another booster clinic with the pharmacy for those residents who are due for the COVID booster and for any team members.

Team members are required to wear masks while in the community. As a reminder, visitors are required to wear masks while entering the community and may remove them once in the apartments if both parties are vaccinated. Please remember that visitations must occur in the apartments or outside. Restrictions for visitation in common areas, activities, and dining are still in place. Please do not visit the community if you are experiencing any signs or symptoms of COVID.

There are no changes to our COVID protocols at this time. We will communicate any changes to residents, families, and team members.

On a brighter note, I wanted to let you know that our employee of the month is Colleen Westbrook our lead concierge. Colleen is dependable, kind, compassionate, and has been a great team player absorbing additional tasks and duties. We are glad to have her on the team! Please join me in congratulating her.

Our “HEART” of the month is Sylvia Goode. Sylvia is a new team member, she is a part of the housekeeping team. She is a team player, puts residents first, and we are so happy to have her as a part of the team! Please join me in congratulating her.

As always, thank you for all of your support and being a part of the Auburn Hill family. Please do not hesitate to contact us with any questions.

Thank You,

Kelly Carter, BSW, LNHA
Executive Director, Auburn Hill
