

December 11, 2020

Hello Auburn Hill Residents, Families, and Team.

It's that time again, for another community update! As you already know, we were able to complete COVID testing on Wednesday. We are currently waiting for all test results. We will be checking throughout the weekend as the results come in. In the event that there is a positive result for a resident, we will notify that resident and/or family directly. In the event there is a team member with a positive result, we will notify them directly. Communication will be provided to everyone regarding a positive COVID status here at Auburn Hill. Keep your fingers crossed!

We have scheduled another round of testing for residents and employees for next Wednesday, December 16th, starting at 8:30am.

As many of you may have heard, there is a vaccination coming to us in the near future. We have registered with CVS to be a recipient of the vaccination. We will receive notification on clinic dates to be held at Auburn Hill for vaccinations for both residents and team members. Once we have established these dates, we will receive consent forms from them, and we are anticipating additional education on the vaccination that we can share with everyone to make an informed decision.

As we go along, the more that we learn about this process, we will share updates with you. Please feel free to reach out with any questions about this, and if we don't know the answer, we will work on getting one for you!

We continue to keep our residents and team members who have been affected by COVID in our thoughts and prayers. Your endless support of the Auburn Hill Community is so greatly appreciated.

Please contact us with any questions or concerns. Stay safe and warm!

Thank You and Take Care,

Kelly Carter, Executive Director
