

AUBURN HILL
SENIOR LIVING

January 15, 2021

Good afternoon Auburn Hill Residents, Families and Team:

We've had a lot going on here at Auburn Hill this week! We had our PPS testing for residents and team members. Unfortunately, we have one additional resident with positive results. There are no additional positive results for team members. We have a total of 2 residents with positive results and 2 team members with positive results who remain at home. Please keep our residents and team members in your thoughts and prayers for a speedy recovery.

At the guidance of the Virginia Department of Health (VDH), we are in the process of coordinating testing for next week. We will be required to conduct testing for the next two weeks, and results will dictate any additional testing after that. Due to the COVID status at Auburn Hill, we will follow any additional guidance regarding PPE and any other precautions that may be recommended.

On a more positive note, our vaccination clinic was a success! We look forward to the next clinic scheduled for February 3rd.

Thank you for your ongoing support, patience, and understanding. Should you have any questions please do not hesitate to reach out to us.

Have a nice, safe, and healthy weekend!

Thank You,

Kelly Carter, Executive Director
