

January 30, 2021

Hello Auburn Hill Residents, Families, and Team!

I wanted to update you all about results for our COVID testing this week. We are awaiting on 5 results, but the majority have come in.

As of right now we have one resident with a positive result, the family has been notified. We have one team member with positive results, she is on quarantine at home. Both have been asymptomatic.

Once we have all of our results, I will send out some communication regarding the total status. If there are any additional residents with positive results, we will notify the family directly.

The Virginia Department of Health (VDH) has been notified, and we will work with them on recommendations for additional testing and any other interventions. Please keep your fingers crossed for everyone here at Auburn Hill for a speedy resolution!

Thank you for your responses about consents for our upcoming 2nd vaccination clinic on February 3rd. We will be reviewing everything prior to that day and will communicate with you if anything else is needed.

Thank you for hanging in there with us. We will continue to keep you posted as we go along. I appreciate all of your support and kind words during this time. I hope everyone stays safe and warm during this pandemic and possible snow storm! Please let us know if you have any questions.

Thanks

Kelly Carter, Executive Director
